

Cabinet Maker

Capatina Bespoke

Walkinstown, Dublin 24

Salary – Negotiable

Permanent/Full-time

Description

Description of Role:

The Cabinet Maker position offers a challenging and rewarding opportunity for the right candidate to work in a high end, expanding, design led, cabinetry manufacturing company. This role suits someone with a background in cabinet making and a desire to enhance their skills.

This is a varied, full-time role, involving days based at the workshop on furniture production in Walkinstown and also days out on site at installations. It will suit an individual with strong attention to detail, who works well under pressure and is open and flexible for overtime.

Further training and further professional development opportunities are offered in addition to competitive salary and benefits. A minimum of 13 euro per hour is offered and this is flexible and open to review, depending on experience, personal skills and learning within the role.

Requirements:

- Experience in cabinet making or third level qualification in Furniture Design making and technology or similar
- Enthusiastic and motivated to learn
- Responsible and highly accurate
- Excellent time keeping and punctuality
- Able to use own initiative
- Good communication
- Strong team player with the ability to collaborate and integrate into a diverse team of colleagues
- Flexible and open to overtime

- Fluent at written and spoken English
- A conversational Eastern European language would be distinct advantage
- Must be able committed to offering first-class customer service and unique experience to clients who are tradesmen, architects, project managers, interior designers, and homeowners

Key Duties and Responsibilities

The main responsibilities for this role are to:

- Contribute to the manufacturing process as required, ensuring that the manufacturing process is efficient and of the highest quality
- When based on site, to collaborate with other members of the team in the fitting of furniture to the highest standards, paying strict attention to detail and deadlines
- Ensure that the customer has a first class experience
